## RESEARCH APPOINTMENTS

---

### University of Washington

2023. *Digital Redlining in Washington State (The Information School)*. Graduate Research Assistant. Supervisor: Stacey Wedlake.

This project evaluates racial inequities in urban broadband access in Seattle, Tacoma, and Spokane, Washington. I wrote R scripts to clean American Community Survey data, ran spatial statistics on broadband and demographic data, and created 27 maps visualizing these analyses.

2022-2023. *Examining Shifting Geographies of Historically Underrepresented Groups (National Science Foundation), Department of Geography*. Research Assistant. Supervisors: Dr. Larry Knopp, Dr. Michael Brown, and Dr. Bo Zhao.

This NSF-funded project is a longitudinal study of gay and lesbian urban spaces drawing from the [Damron Gay Guides](#), which lists gay-friendly business venues and resources for North American cities starting from 1964. I assisted with data entry, consulted on geospatial platform development, and created R programming scripts to assess historical change in LGBT bars.

2019-2020. *Harry Bridges Center for Labor Studies*. Research Assistant. Supervisor: Dr. Kim England. In this position, I assisted with creating GIS data of labor policies in the United States and provided consulting for the ESRI Story Map platform to the project's lead. The final product was an ESRI Story Map titled [Mapping US Labor Policy \(2015 and 2020\)](#).

2019-2020. *Suzzallo and Allen Libraries*. GIS Staff Assistant. Supervisor: Matthew Parsons.

I assisted library users and staff with GIS software, geospatial data discovery, and data analysis. I also developed and presented workshops for digital geographic scholarship, including ESRI Story Maps and Intro to QGIS. Finally, I helped organize the UW Libraries GIS Symposium.

## University of Georgia

2015-2017. *Community Mapping Lab, Department of Geography*. Undergraduate Research Assistant. Supervisor: Dr. Jerry Shannon.

I developed dynamic housing quality assessments in OpenDataKit and open-source GIS visualizations using R and LeafletJS for municipal governments enrolled in the Georgia Initiative for Community Housing.

2015-2016. *Coweeta Listening Project, Department of Geography*. Undergraduate Research Assistant. Supervisors: Dr. Jennifer Rice and Dr. Nik Heynen.

I researched an anti-fracking movement in Southern Appalachia by conducting a discourse analysis of local newspaper letters to the editor, local government resolutions, and public hearings. I also conducted literature reviews on cultural geographies of Appalachia, feminist political ecology, and the role of neoliberalism in shaping modern democracy.

## PROFESSIONAL DEVELOPMENT

---

2024. Geography Faculty Development Alliance: Early Career Workshop. *American Association of Geographers*.

2024. Going Public: OpEd Writing Workshop. *Open Scholarship Commons, University of Washington Libraries*.

2021. Advancing Trans, Nonbinary, and Intersex Scholarship Writing Symposium. *Sociologists for Trans Justice*.

2020. Graduate Student Research Institute. *University of Washington Libraries*.

2020. Research Data Management Planning Workshop. *University of Washington Libraries*.

2020. Teaching Online 101. *Information Technologies, University of Washington Bothell*.

2020. UndocuAlly Training. *Leadership without Borders, University of Washington*.

## ACADEMIC SERVICE

---

### Journal Peer Review

Antipode  
Journal of Digital Social Research  
Sociology of Race and Ethnicity

### Service to the Profession

2021-present. Junior Fellow. *Center for Applied Transgender Studies*.  
2021-2023. Sponsored Sessions Coordinator, *Queer and Trans Geographies Specialty Group, American Association of Geographers*.

### Departmental/University Service

2020-2021; 2023-2024. Colloquium Committee, *Department of Geography, University of Washington*.  
2018-2020; 2022-2023. Diversity Committee, *Department of Geography, University of Washington*.  
2017. Diversity Committee, *Department of Geography, University of Georgia*.

## SKILLS

---

*Qualitative Skills and Software:* ATLAS.ti, Qualitative GIS, Archival Research, Interviews  
*Quantitative Skills and Software:* GIS, Spatial Analysis, R, Python, Qualtrics, Survey Design  
*Digital Scholarship:* ESRI Story Maps, StoryMapJS, TimelineJS, HTML/CSS

## RELEVANT PROFESSIONAL EXPERIENCE

---

2022-present. Spatial Analyst Consultant.

Most recently, I conducted a spatial analysis with UFCW 3000 to evaluate which grocery stores in Washington were at highest risk of closing due to the proposed Kroger-Albertsons merger.

2017-2018. *Athens Land Trust*, Athens, GA. Development Assistant/AmeriCorps Volunteer in Service to America (VISTA).

During my year as an AmeriCorps VISTA with land-justice organization Athens Land Trust, I worked with a team to secure over \$1 million in grant funding, ranging from \$1,500-\$750K and sourced from federal agencies, local government, and private foundations. I secured \$121,500 of this total without direction supervision or collaboration. Finally, I assisted with fundraising events, donor management (GiftWorks), and other nonprofit development tasks.

2014-2017. *Woodard & Curran*, Duluth, GA. Water Resources (GIS) Intern.

In this role, I created geographic data, static maps, and webGIS sites for Water Resources Line and Ecology Team, emphasizing geospatial data manipulation for local government water systems. I also developed company-wide training on ArcGIS automation tool Data Driven Pages, improving map design and efficiency.
